JAGAN JACOB

Associate Professor of Operations & Supply Chain Management

Williams College of Business, Xavier University | Cincinnati, OH | 513-745-3511 | jacobj6@xavier.edu | jaganjacob91.github.io

ACADEMIC APPOINTMENTS

Xavier University, Williams College of Business — Cincinnati, OH
Department of Business Analytics and Information Systems

Associate Professor *(with tenure)* — 2026–Present
Assistant Professor — 2020–2026

EDUCATION

University of Rochester, Simon Business School – Ph.D., Operations Management, 2020
Advisors: Harry Groenevelt and Ricky Roet-Green

Indian Institute of Technology Kharagpur – B.Tech. & M.Tech., Industrial and Systems Engineering, 2014

RESEARCH INTERESTS

Stochastic service and platform operations; Digital and AI-enabled operations; Supply chain and inventory coordination under information frictions.

ADVANCED RESEARCH PIPELINE

- **Jacob, J.** "Framing-Induced Self-Selection in Digital Service Menus." *Major Revision* (3rd round), **Manufacturing & Service Operations Management**.
- **Jacob, J.** "When to Automate and When to Intervene: Dynamic Trade-Offs in AI-Assisted Job Assignment." *Major Revision* (2nd round), **Decision Sciences**.
- **Jacob, J.**, Rofin T.M. and Raju, S. "Product Innovation and Value Retention in Cross-Brand Trade-In Markets." *Major Revision* (2nd round), **International Journal of Production Economics**.
- **Jacob, J.** and Krishnan, R. "When Service Recovery Shapes Operational Decisions on Digital Platforms." *Reject and Resubmit*, **Production and Operations Management**.
- **Jacob, J.** "Verified but Not Resolved: Automated Customer Service and Hidden Workload Migration." *Reject and Resubmit*, **Decision Sciences**.
- **Jacob, J.** "Capacity Allocation Before Location Commitment." *Reject and Resubmit*, **Production and Operations Management**.

REFEREED JOURNAL PUBLICATIONS

- **Jacob, J.** "Pricing with Route Choice and At-Location Congestion." **Operations Research Letters**, 2026.
- **Jacob, J.** "Delivery-Time Benchmark Design in Food Delivery Platforms." **European Journal of Operational Research**, 2026.
- Krishnan, R. and **Jacob, J.** "Separate Selling vs. Collaborative Bundling in Livestreaming with Attention Externalities." **Omega**, 2026
- **Jacob, J.** "Coordinating Incentives and Curb Capacity in a Food Delivery Platform." **European Journal of Operational Research**, 2026.
- **Jacob, J.** "When to Implement AI-Assisted Policies at a Warehouse?" **Computers & Industrial Engineering**, 2026.
- **Jacob, J.**, Wan, F., and Jin, A. "Is Telemedicine Worth the Effort? A Study on the Impact of Effort Cost on Healthcare Platform with Heterogeneous Preferences." **Computers & Industrial Engineering**, 2024.

- **Jacob, J.** "Designing Price-Service Menus in a Product-Service System." **International Journal of Systems Science: Operations & Logistics**, 2023.
- **Jacob, J.** "Should Firms Voluntarily Implement Social Distancing Measures during the COVID-19 Pandemic?" **International Journal of Systems Science: Operations & Logistics**, 2023.
- Raju, S., TM, R., Kumar, P., and **Jacob, J.** "Do Wholesale Pricing Strategies Matter During Asymmetric Disruptions? A Game Theoretic Analysis." **Journal of Modelling in Management**, 2023.
- **Jacob, J.** and Roet-Green, R. "Ride Solo or Pool: Designing Price-Service Menus in a Ride-Sharing Platform." **European Journal of Operational Research**, 2021.
- **Jacob, J.** "Should Competing Firms Cooperate to Reduce Congestion?" **Transportation Research Part E: Logistics and Transportation Review**, 2020.
- **Jacob, J.** "Screening Mechanism When Online Users Have Privacy Concerns." **International Journal of Revenue Management**, 2019.

SELECTED CURRENT RESEARCH

- Synchronizing Shared Inventory Across Heterogeneous Sales Channels *Under Review*
- When Product-Level Promises Outrun Aggregate Capacity Controls *Under Review*
- When Local Priority Comparisons Become Global in Stochastic Scheduling with Abandonment *Under Review*

TEACHING EXPERIENCE AND EVIDENCE

Xavier University, Williams College of Business | 2020–Present

Undergraduate courses: Operations & Supply Chain Management; Logistics; Quality & Productivity in Operations; First-Year Seminar.

Graduate courses (MBA and MS): Business Analytics for Managers; Optimization & Prescriptive Analytics; Discrete-Event Simulation; Executive MBA: AI in Supply Chain Management.

Teaching effectiveness. Average overall teaching-effectiveness rating of 4.48/5 across evaluated courses versus a college mean of 4.33.

Annual teaching merit. "Significantly Exceeds Expectations" rating in every year.

University of Rochester, Simon Business School | 2017–2020 (during Ph.D.). Graduate teaching: Math for Management and Math Review (MBA/MS).

MENTORING AND CURRICULUM DEVELOPMENT

- Faculty mentor, First-Year Seminar (CORE 100): guided first-year students through structured discussions on transition to college, vocation/career exploration, ethical reflection, and academic decision making.
- Developed three Xavier courses – Discrete-Event Simulation, Logistics, and First-Year Seminar – including learning objectives, assignments, cases, and assessment structure.

AWARDS AND RESEARCH SUPPORT

Faculty Development Leave (2025) • D.J. O'Conor Fellowship (2023–2029) • Williams Intellectual Contributions Summer Grants (2021, 2022) • Best Paper Presentation, ICDAPS (2022) • Raymond N. Ball Dissertation Fellowship (2019–2020)

PROFESSIONAL SERVICE

- Ad hoc referee for 13+ journals and conference proceedings, including *Production and Operations Management*, *European Journal of Operational Research*, *Omega*, *Transportation Research Parts B/E*, *IEEE Transactions on Engineering Management*, and *INFORMS Transactions on Education*.
- Beta Gamma Sigma Chapter President (2023–Present).
- Faculty Search Committee (2024–2025); Curriculum Innovation Committee (2022–2025); University Public Safety Committee Co-Chair (2022–2025).
